Features:

Number of levels: ground floor + 2 floors

Covered area: 886 m²

Overall floor area: 1 854 m²

Capacity: 68 persons

Time of design: 1996

Time of implementation: 1997

Services:

- Architecture
- Interior design
- Structural engineering
- Installation engineering
- Electrical installation

The training camp is situated along Kékesi road in Mátraháza. It is a detached building consisting of blocks A and B of the hotel and supporting building, with an interface between them.

Ground floor of the building was completely reconstructed by relocation of the main entrance, construction of a reception hall and a balcony on the east.

Modernization was carried out on the hotel floors; each of the rooms was provided with a bathroom.
